CS6015 : Linear Algebra and Random Processes
Tutorial #9

Deadline: None

- This tutorial deals with the topics already covered in lectures 35 to 36.

- While this is optional, it is strongly recommended that students solve this tutorial.

NAME :

ROLL NUMBER :

Please solve the following questions from Chapter 3 of the book "Introduction To Probability, 2nd eidtion, by Dimitri P. Bertsekas and John N. Tsitsiklis "

1. Problem 1

2. Problem 5

3. Problem 7

4. Problem 9

5. Problem 13

6. Problem 14

7. Problem 15

8. Problem 18

9. Problem 21

10. Problem 23

11. Problem 28

12. Problem 34
